

Restaurant Contribution Ideas

3 ways your restaurant can support Tenants to Homeowners Affordable Housing Projects:

1. Sponsor a house being constructed-- Get positive publicity on a sign at the construction site and any other press highlighting the project.
2. Volunteer-- Have your employees volunteer a couple of hours to clean the construction sites and reduce building costs or sponsor a tree planting ceremony where employees can directly participate and welcome low-income families into new homes.
3. Provide Food at an Event--This is a great way to support Tenants to Homeowners and also show off your unique cuisine. Sponsor a table of food at an open house or the Tenants to Homeowners Home Tour coming next fall.
